

IP Connectivity

vIP-Net Premium Internet Service We Make You a Speed Racer

Overview

In the new digital economy, the ability to manage business communications is a key to success in every business. Being a first generation ISP in Hong Kong, HKNet leverages local industry experience and state-of-the-art IP technology of our parent company NTT Communications, offering a wide variety of fast, secure and reliable connectivity services to meet different business needs.

If broadband no longer satisfies your business' demand for high internet speed and stability, vIP-Net premium internet service puts you in the driver's seat. Experience the ultimate ride on dedicated internet access with exceptional speed.

Why HKNet?

Riding on NTT Communications Tier 1 IP Backbone

- The distinguished Tier 1 IP backbone of NTT Communications tops unbeatable speed and stability in connectivity

A Choice You can Trust

- 100% Service Level Agreement with credit rebate
- Fully redundant network with reliable Ring on Ring network infrastructure

High Flexibility

- Flexibility to expand the bandwidth of dedicated internet access depending on your needs

Stay Competitive with Minimum Latency

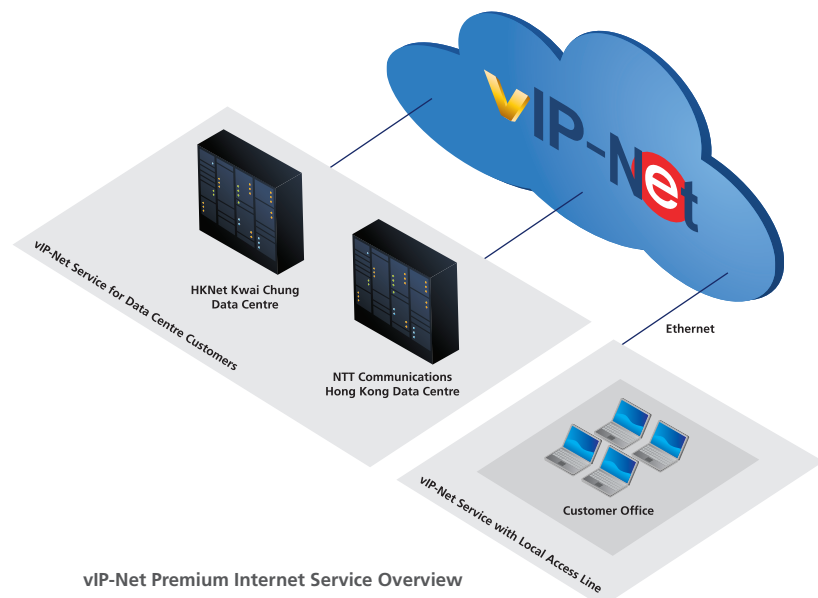

- Direct access provides minimum network latency and maximum bandwidth

Award Winning ISP Pioneer

- Established in 1994, HKNet is a first generation Internet Service Provider in Hong Kong. Early in 1999 we were already voted as one of the top 4 ISPs in Asia Pacific by Telecom Asia
